

THE WEDIKO SCHOOL

A Pathway to Success for Struggling Students

At The Wediko School, we believe that all students can succeed in the right environment with the correct supports. Located on 450 lakefront acres in Windsor, New Hampshire, The Wediko School is a residential treatment center offering therapeutic and educational services for middle and high school-aged boys experiencing significant social-emotional, behavioral and educational challenges.

Our staff provides support through a thoughtful combination of academics and clinical focus. We provide safety, structure and guidance for youth with complex needs, and take a strength-based approach to help students learn and grow. The Wediko School is a healing environment with a strong culture of community, where students can build social-emotional competence, confidence and resilience that will help them experience success at school, home and in their communities.

About Us

For over eight decades, The Wediko School's therapeutic and academic strategies have created what has become known as "Wediko Magic." Our year-round program provides individualized, holistic care that meets the unique needs and abilities of each student and offers a balanced educational curriculum that challenges students while meeting New Hampshire Dept. of Education requirements. We integrate various disciplines and real-world applications for student understanding and introduce them to new, empowering experiences. Our intensive therapeutic setting is our primary intervention. Wediko clinicians are embedded in the academic and residential environment to work directly with students, reinforce prosocial skills and coping strategies, and help them make profound gains during their time at Wediko.

At The Wediko School, social workers, psychologists and special education teachers are committed to helping students thrive academically, socially and emotionally.

OUR SERVICES

CLINICAL SUPPORTS

- Positive behavioral interventions
- 1:3 staff to student ratio
- Daily group therapy
- Weekly family therapy
- Additional supports, such as nutrition counseling, speech therapy and more, depending on students' needs

ACADEMICS

- Strength-driven approach
- Small class sizes
- Individualized IEP support
- Engaging elective offerings

RESIDENTIAL LIFE

- Living groups of approximately 10 students, headed by master's level Dorm Clinicians
- Dining hall that serves three meals a day
- Highly structured after-school hours with multi-tiered support from residential and clinical staff

EXTRACURRICULARS

- Off-campus trips and volunteer outings
- Opportunities to explore the arts
- Lakeside activities, such as canoeing and fishing
- Seasonal activities, like snowboarding at Pat's Peak in the winter

"I wouldn't be who I am without some of these kids here. They helped me and pushed me through every little thing. That's one of my favorite things about Wediko, that I have kids and teenagers here who are in the same boat as me."

—Dan, Wediko student

THE WEDIKO SCHOOL is a program of

In 2020, Wediko joined The Home for Little Wanderers' family, bringing together two organizations with long and rich histories of service. For over 200 years, The Home has helped build stable lives and hopeful tomorrows for vulnerable children and their families. Our 25+ community-based and residential programs serve thousands of at-risk youth from birth to age 26. Many of these children have experienced abuse, neglect, trauma or a disrupted family life. As the oldest child welfare agency in America, we provide them with safe surroundings, permanent, loving relationships and a secure path toward a better, brighter future.
